

User friendly interfaces -Author mode-

Alex Jitianu

alex_jitianu@oxygenxml.com

Contextual toolbars, why?

- Each action in it's intended context

- Avoid action cluttering in toolbars

Contextual toolbars

- Inline actions
 - Context preservation
- Contextual toolbar activation
 - :hover
 - :focus

Contextual toolbars

- Inline actions
 - Context preservation
- Contextual toolbar activation
 - :hover
 - :focus

Editing Code blocks in XML

- Disadvantages
 - No Syntax Highlight
 - Lot of space for large chunks of code

Thank you!
